Mobile: 6163895796

OBJECTIVE

I aspire to leverage my technical and research skills in a Research Assistant role, where I can contribute to impactful and innovative research projects, assist in data analysis and modeling, and enhance the academic community's knowledge base.

EDUCATION

Grand Valley State University

Master of Science in Cybersecurity

January 2024-December 2025

Kenyatta University

Bachelor of Information Technology

January 2018- August 2022

Alliance Francaise de Nairobi

Diplome Approfondir de la langue Francaise (DALF C) January 2015-March 2015

RELATED EXPERIENCE

Bilingual Research and Data Analyst

September 2017-October 2023

ACEPIS

Duties and Responsibilities

- Conducted bilingual research involving interviews, journal reviews, and data analysis in French and English, leveraging skills in Python, R, and SQL for data handling.
- Performed data cleaning and preprocessing for robust research findings, creating organized datasets to aid in accurate analysis.
- Presented findings to multidisciplinary teams, tailoring technical results for French and English-speaking audiences to support project goals.

Assistant Project Coordinator-Bilingual

June 2015 to July 2016

FEPACI (Pan African Federation of Filmmakers)

Duties and Responsibilities

- Assisted in preparing bilingual reports, summaries, and updates for stakeholders.
- Acted as a liaison for bilingual project teams, enabling seamless communication and project coordination between French and English-speaking stakeholders.
- Managed document translations to ensure clarity in bilingual project communications, and supported data-related documentation for project milestones.

SKILLS

- **Technical Skills:** Python, R, SQL, Excel, Data Cleaning and Analysis, Statistical Modeling, Visualization
- **Research & Analysis:** Qualitative and Quantitative Analysis, Report Writing, Data-Driven Decision Making
- **Languages:** Fluent in English and French (DALF C1 Certification)
